

Web Site & Handouts

The vast majority of handouts and information are from Stanford's site for the class, <http://cs193p.stanford.edu>. In addition, local materials will be hosted and available from the instructor's site for the course, <http://people.usm.maine.edu/houser/cos497>.

Assignments

Assignments will be due on Friday afternoon as per the modified schedule unless otherwise altered. Use the Stanford syllabus as a guide.

Grading

Grading will be based on the same check model used in the Stanford course with a final grade based on the same 60%/40% model. Roughly 0 = F, v- = C, v = B, v+ = A.

Frequently Asked Questions

Acknowledgements

This class would not be possible without the materials provided on-line and free from Stanford University and the faculty/staff there that made the original version. <http://cs193p.stanford.edu>.
